VITA MÜM™

Recipe for Happiness

Innovation

Years of development have resulted in an extensive assortment for all customers and conditions. Our innovations allow growers to choose unique novelty varieties or family combinations or that are perfectly suited to each production environment and product program.

Vitality

The unique Vitamum assortment shines with large flowers in bold and fresh colors. They offer disease resistance and are selected for extended color retention, resulting in straightforward production and a long shelf life to expand the selling window.

Perfection

Small details build the foundation for a strong program, and we focus on perfecting those details in our variety collections, uniform Confetti Garden™ combinations, and retail solutions.

Hydrangea

KÖTTERHEINRICH
hortensienkulturen

Hydrangeas are very special plants. Kötterheinrich offers only the best, most beautiful and healthiest hydrangeas. This has made Kötterheinrich a leading hydrangea supplier in Germany.

Kötterheinrich young plants are available from calendar week 15 to 29 and are supplied in 4 cm paper pots. This makes them ideal for potting in greenhouses or directly outdoors.

The pre-finished plants variants are virtually limitless. This is because the cuttings are available in pot sizes of 10.5 cm to 17 cm.
